

RIVTEC®

Rivtec® 800 Series

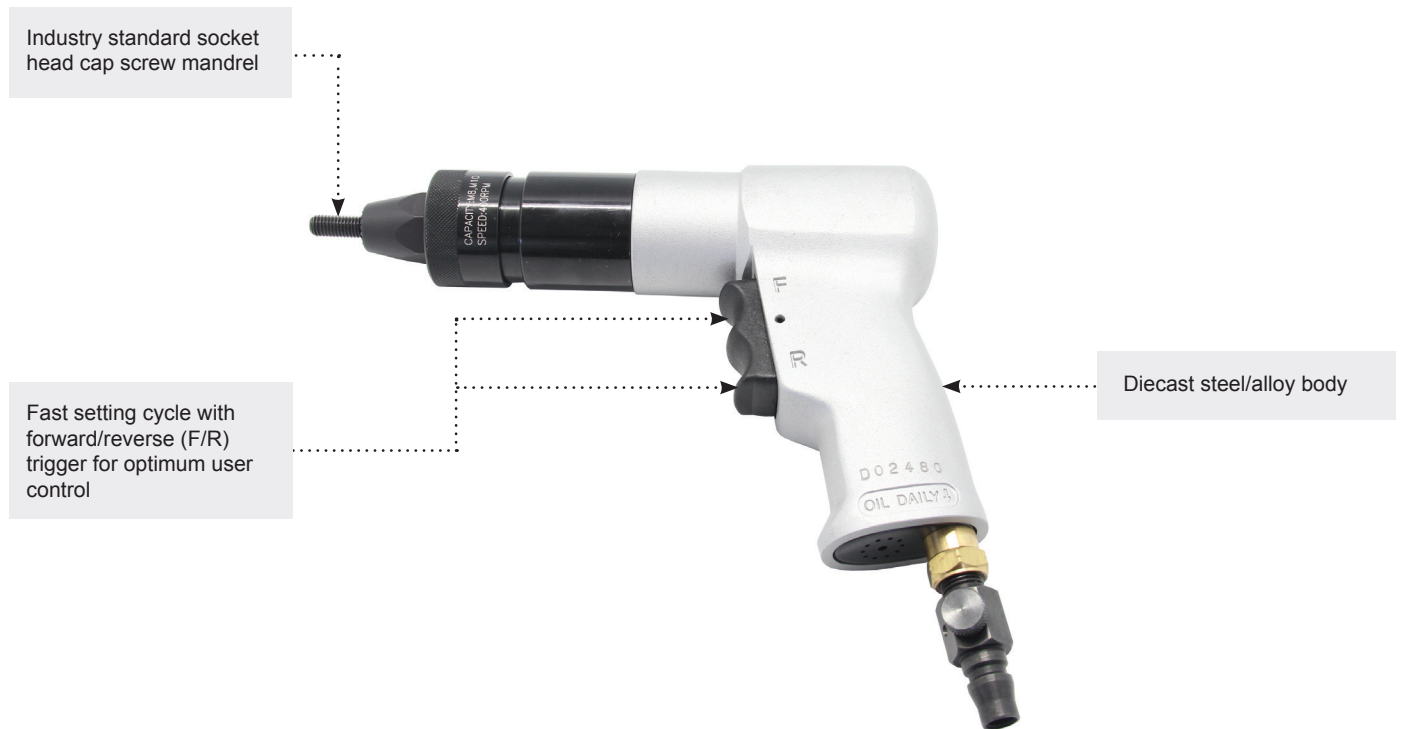

Air Rivet Nut Tools (Spin/Spin)

The Rivtec® 800 Series are simple and proven entry level pistol grip air rivet nut tools for installing steel rivet nuts only. There are five models (802, 803, 804 & 808) each with different gearing and out put speed. The tools work on the stall principle (no clutch). Each model is optimal for just two sizes of rivet nuts (808 for M12 only), but regulating the air supply allows for some flexibility.

Setting Capacity

* M10 subject to air pressure availability

Specifications		Package Accessories
Product Code:	TA-802 / TA-803 / TA-804 / TA-808	TA-802: mandrels & nosepieces for M5 or M6 rivet nuts
Weight:	1.2 kg	TA-803: mandrels & nosepieces for M6 or M8 rivet nuts
